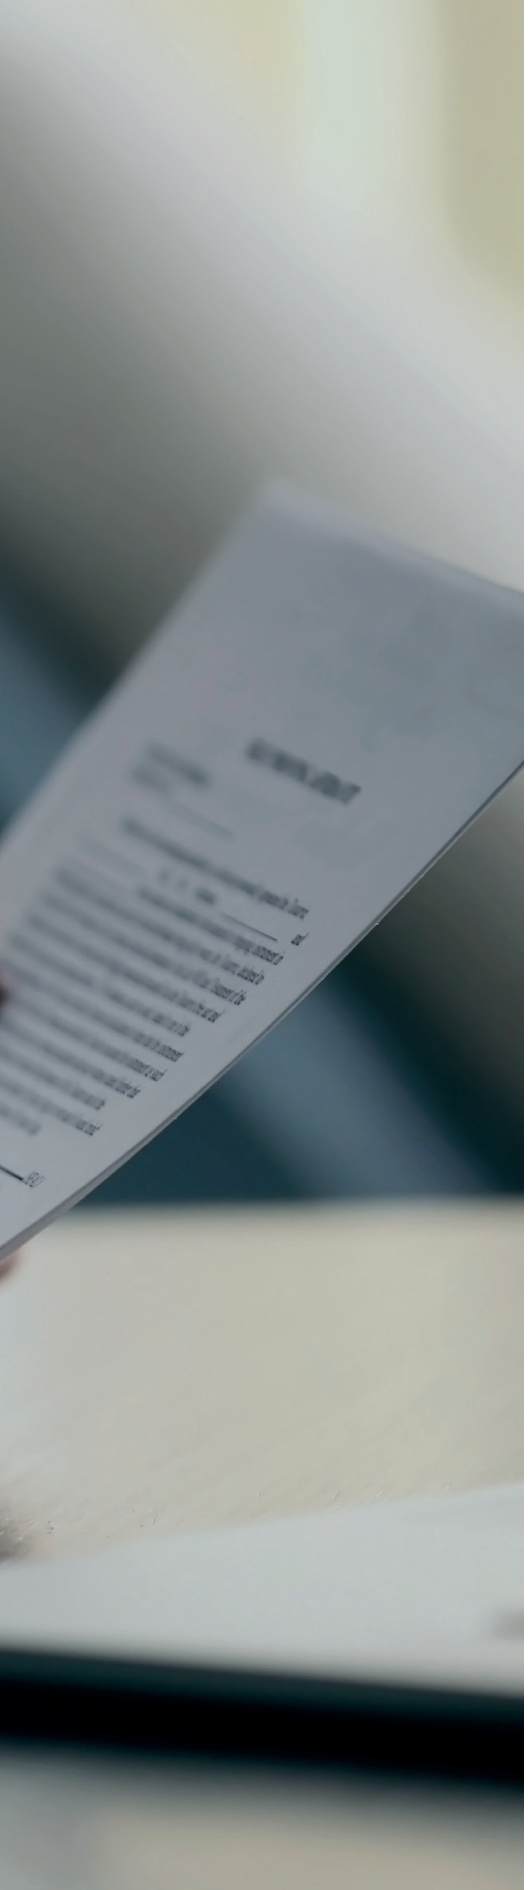
CORPORATE LAW

Corporate Law – M&A

Corporate Law is one of our Firm's major practice areas, with an increasingly evolving range of activity. We act on behalf of our clients' best interests on a variety of legal matters arising in the corporate environment such as:

- The establishment and operation of legal entities: drafting, amending and reviewing of corporate documents and articles of association and constant legal support throughout the company's entire lifespan
- Due diligence on legal entities of all types
- The acquisition, sale, transfer of assets and company shares, drafting and reviewing of Shareholders Agreements, Option agreements, Memoranda of Understanding (MOU)
- Cooperation contracts and Joint Venture Agreements
- Business transformations (mergers, conversions, buy-outs, spin-offs, divisions)
- The acquisition of shares and company parts, transfer of businesses or business sectors
- The reorganization of groups and enterprises
- Tax planning
- Legal support in relation to Technology, Media and Telecommunications (TMT) matters, such as data protection, cyber security, domain name protection, e-commerce, website content and unfair competition
- Drafting, reviewing and amending of employment and work contracts and compliance with employment law provisions.

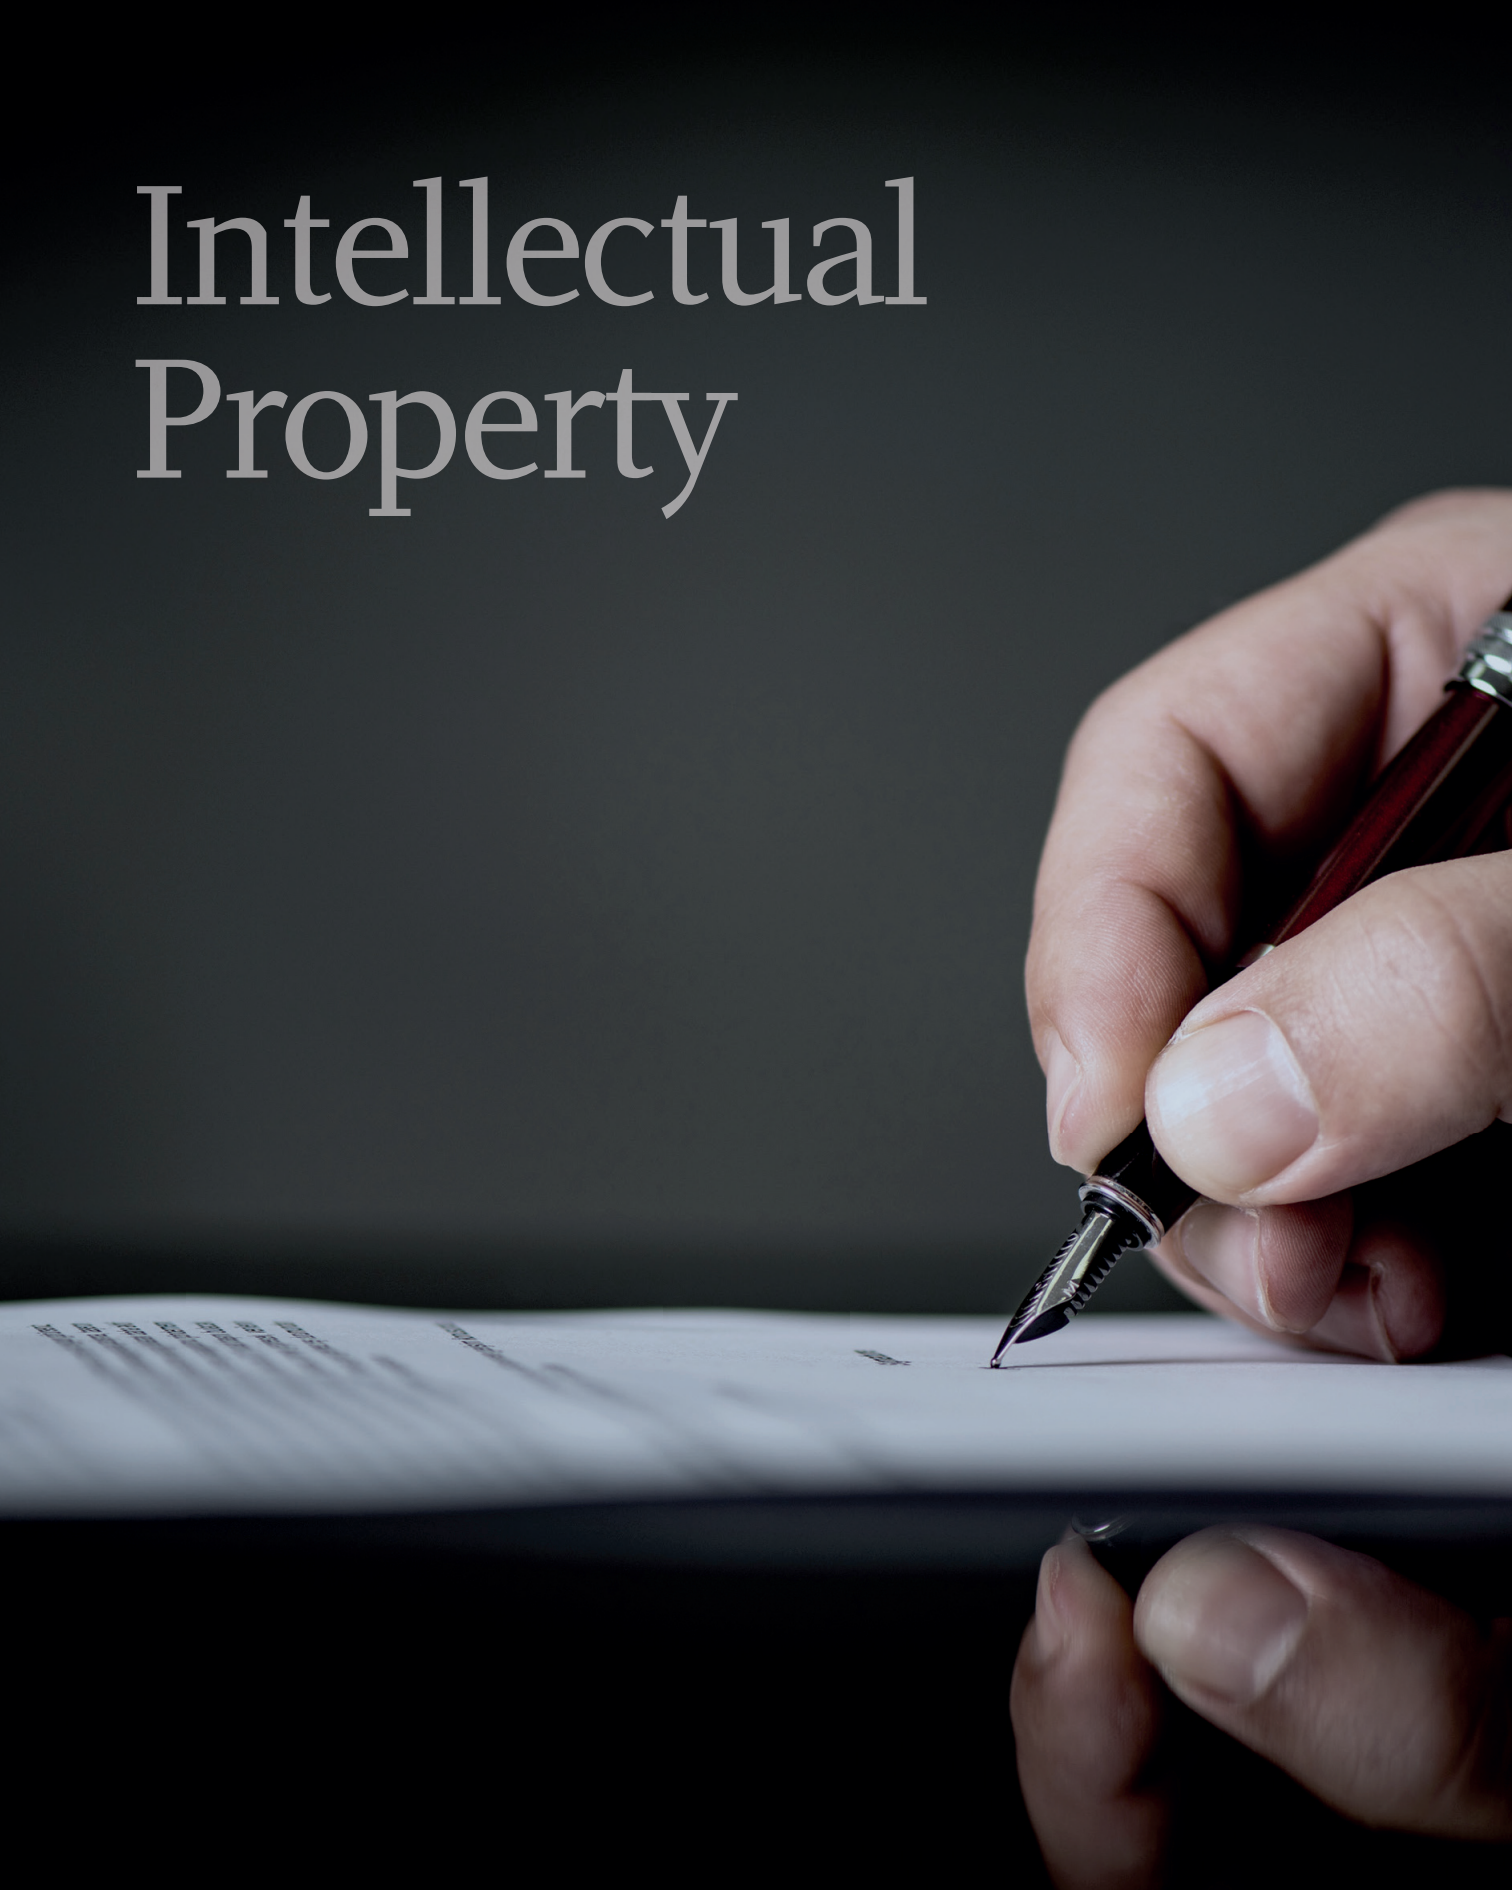
Commercial Contracts



Our team has in-depth knowledge and longstanding experience, covering all stages of a commercial transaction, from planning and structuring, risk assessment and negotiations to implementation, and provides legal support tailored to the goals, needs, type and size of each business. We have extensive experience on:

- Software Development Agreements and related services Provision Agreements
- Agency and Distribution Agreements
- Business Lease Agreements, Operating and Financial Leasing Agreements
- Franchise Agreements
- National and International Factoring Agreements
- Construction Agreements and Work Contracts
- Non-Competition and Non-Disclosure Agreements (NDAs)
- Insurance Agency Agreements
- Banking and financing contracts
- Real estate development and Management Agreements.

Intellectual Property



Recognizing the value of intangible assets for the promotion and development of all kinds of business, we effectively deal with the increasingly evolving field of intellectual property, by providing legal support such as:

- Due diligence relating to intellectual property rights and registration of trademarks (at a National, European and International level), patents, industrial designs, their renewal and protection
- Protection of trade names, distinctive titles and domain names
- Drafting, reviewing and negotiating agreements relating to assignment, license to use and exploitation of intellectual property rights.

VDI Law Firm has been recognized as one of the leading law firms for Commercial, Corporate and M&A in Greece by the legal guide Legal500.
